

I understand that the FCC may expand the service of LPFM stations which could take priority over current FM translaor service. I am concerned that this action may force my K-LOVE station off the air. Many people value K-LOVE stations, please don't let LPFM stations take away my K-LOVE signal! K-LOVE provides me with the family-friendly programming that I enjoy. K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. Their service to the community is in the public's best interest. Please don't force K-LOVE off the air with these LPFM stations. Thank you!
